

### Ephesians Stickperson

As we get to the end of the book of Ephesians, this craft helps us to remember all that we have learnt, based on the words of Watchman Nee.

1. Cut out the head and body piece.
2. Cut out the two shorter rectangles. These will become arms.
3. Cut out the longer two rectangles. These will become legs.
4. Use the brass split pins to join both arms to the top of the body and both legs to the bottom of the body.
5. Colour them in and give them a face.
6. You can then make your person sit, walk and stand.

Ephesians is full of the good news of Jesus' grace. This should be a great incentive to us to share it with others, as Paul did with his friends. Think of someone that you could pray for each day, asking Jesus to help you to talk to them about Him.
